

AMENDMENTS TO THE SPECIFICATION

Please amend the specification as follows.

Please replace the paragraph beginning at line 14 of page 2 in the Brief Description of the Figures with the following:

In the following, the invention will be described more precisely by referring to example embodiments in combination with the attached drawings wherein:

FIG. 1 shows a first embodiment of a gas controller implemented for controlling gas burners according to an example embodiment of the present invention; ~~and~~

FIG. 2 shows a second embodiment of a gas controller implemented for controlling gas burners according to another example embodiment of the present invention; and

FIG. 3 shows a gas controller implemented for controlling gas burners, according to another example embodiment of the present invention.

Please add the following paragraph after the paragraph ending on line 22 of page 7:

In one implementation, the servo pump 2 is an electric pump, coupled to an electric source 21.

Please add the following paragraph after the paragraph ending on line 9 of page 9:

FIG. 3 shows a gas controller arrangement similar to that shown in FIG. 1, according to another example embodiment of the present invention. Various portions of the gas controller arrangement in FIG. 3 correspond to, and are labeled consistently with, portions of FIG. 1, with the corresponding description thereof omitted here for brevity. Relative to FIG. 1, FIG. 3 shows the selective (optional) omission of the overflow device 3 of FIG. 1, with a channel 31 being in (e.g., a portion of) the servo pump 2.
